Academic & Personal Excellence

The St Paul's Anglican Grammar School Scholarships Program provides opportunities for students to reach their full potential and to make an exceptional contribution to the school community through their academic and personal excellence endeavours. Applications are open to students who are considering future enrolment at the School as well as those in eligible year levels who are already enrolled.

Scholarship recipients exhibit personal characteristics in keeping with the ethos and aims of the School, demonstrate commitment to their learning and are a positive influence within the school community through their self-discipline and ability to cooperate with others.

The intent of a St Paul's Scholarship is to attract, encourage and reward students whose passion and commitment in their area of excellence may assist the School to further enhance its school programs.
