

## BYOD Laptop User Agreement

I acknowledge and agree to follow these rules. I understand that my access to the Internet and mobile technology at school will be renegotiated if I do not act responsibly.

I acknowledge that I understand that when the device requires repair through damage or hardware failure, that it is unable to be used at the school; and should be repaired by an authorised repair centre approved by the laptop manufacturer.

I acknowledge that the laptop will be required to be configured by St Paul's ICT Services for network and printer access. Please email [itsupport@stpaulsags.vic.edu.au](mailto:itsupport@stpaulsags.vic.edu.au) for more details about this process.

I acknowledge that I am responsible for the appropriate software licensing, installation and system configuration as advised by IT Services.

I acknowledge that there will be a \$199 charge for school software licensing and an ongoing annual ICT BYOD Resource Levy of \$99. I understand that any outstanding charges will automatically be included on my school account.

**This agreement must be signed and a copy submitted to IT Services.**

I have read the Laptop User Agreement carefully and understand the significance of the conditions and agree to abide by these conditions. I understand that any breach of these conditions will result in computer and Internet access privileges being suspended or revoked.
